

PROJECT ENVIRONMENTAL INFORMATION

Project Title: *Include a simple title ("New London to Hartford Bicycle Path")*

Municipality (ies) where proposed project might be located: *(New London, Waterford, Montville, etc.)*

Address (es) of Possible Project Location(s): *(for this project, clearly define the area the project will traverse).*

Project Description: *Simple, clear description ("The DOT proposes to construct a 36 lane bituminous bicycle path from New London to Hartford.") The description should include some statement about the purpose and need. ("The project is being considered because of the clamoring of municipal officials for relief of traffic congestion on Route 85 and, simultaneously, for a healthier constituency.")*

Project Map(s): *Attach a map identifying the location of the project. This map does not have to be detailed. It can be on an 8.5" x 11" sheet and must identify the location(s) with an arrow(s). Acceptable maps may be obtained from United States Geologic Survey (USGS): <http://www.usgs.gov/pubprod/maps.html> and Connecticut Environmental Conditions Online @ University of Connecticut (CT ECO): http://www.cteco.uconn.edu/map_services.htm.*
