

Healthy Connecticut 2020: State Health Improvement Plan

Webinar Series

An in-depth look at the Plan's 7 Focus Areas and 3-year objectives and strategies

The *Healthy Connecticut 2020 State Health Improvement Plan*, released in March, 2014, provides a roadmap for improving the health of all Connecticut residents by the end of this decade.

The Connecticut Department of Public Health is holding Webinars on each of the 7 Focus Areas in the Plan, highlighting objectives selected for Phase 1 implementation (Years 1-3). After the presentations, Focus Area Co-chairs and subject matter experts will be available to answer questions and discuss comments.

Webinar Learning Objectives:*

- Describe the Plan and the planning process
- Describe the objectives and strategies identified for Phase 1 of implementation
- Identify and discuss immediate next steps

Audience:

Open to all. May be of special interest to members of the Connecticut Health Improvement Coalition and all whose businesses or organizations have a stake in health and public health. Students are welcome.

Time and Registration:

All Webinars are from 11:00 a.m. to 12:00 noon on the dates specified.

To register, please follow the links beneath the listings at the right. *Each Webinar requires a separate registration.*

After registration, you will receive a confirmation e-mail with instructions.

System Requirements: PC: Windows XP or higher

Mac: OSX 10.4.11 or higher

* Co-sponsored by CT-RI Public Health Training Center
CHES Designated Provider #MEP3729
Applications have been made for CHES and CPH CEUs.
